

## Free Portfolio Analysis

### Our complementary data analysis will reveal...

How well your portfolio is performing relative to your peers

If your cash-flow can improve and how much

How much profit a portfolio like yours should yield

If your charge-off rate can be lowered

AND . . . What you can do today to optimize cash-flow and profit

### How Does it Work?

- Simply furnish a basic snapshot of your portfolio (call for details on what data is needed)
  - Via email to: upload [@PivotRockSolutions.com](mailto:upload@PivotRockSolutions.com)
  - Through our website <http://pivotrocksolutions.com/login/>
  - After 1 week, we will provide you with a comprehensive portfolio analysis
- We will explain our findings via interactive video conferencing
- Your analysis will include detailed options on achieving the results presented.

**Let us show you portfolio performance you  
never thought possible.**
